

## LIVING IN VIENNA

Vienna, a cultural capital of Europe, has one of the highest standards of living in the world. Located in the heart of Europe, Vienna is just a ride or short flight from Rome, Budapest, Paris, and many other European cities. For more information on Vienna, visit our website: [https://international.dep.anl.gov/iaecareers/index\\_files/LivinginVienna.htm](https://international.dep.anl.gov/iaecareers/index_files/LivinginVienna.htm).

## Working at the Vienna International Centre (VIC)

The VIC, home of the IAEA, as well as several other United Nations organizations, is easily accessible from central Vienna and provides a variety of English-speaking services and facilities to all IAEA staff members, including: a post office, restaurant and cafeteria, two travel agents, two banks, commissary with duty-free shopping, language training, medical service and pharmacy, and many others.

## Working at the IAEA

The International Atomic Energy Agency (IAEA) is the world's center of cooperation in the nuclear field. It was created as the "Atoms for Peace" organization in 1957 within the United Nations family. The Agency works with its Member States and multiple partners worldwide to promote safe, secure and peaceful nuclear technologies.

Working at the IAEA offers the opportunity to engage current, meaningful issues of global peace, security and development while working in a stimulating multicultural workplace. As the largest contributor to IAEA programs, the U.S. is committed to encouraging well-qualified Americans to apply for professional posts at the IAEA.

### Purpose of the JPO Program

The Junior Professional Officer program offers young U.S. professionals an opportunity to temporarily join the IAEA's workforce in order to gain work experience in an international environment and to learn specialized skills they can bring back to the U.S., and also provides the IAEA with additional expertise.

JPOs work as part of a team and under the guidance of a senior Professional in either a scientific/technical or administrative field.

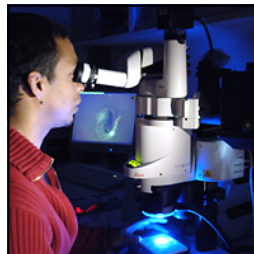

# Junior Professional Officer Opportunities in non-safeguards areas

## JPOs in Non-Safeguards Areas

The International Program Office at Argonne National Laboratory administers the JPO program for all IAEA Departments with the exception of Safeguards. To learn more about the Departments of Management, Nuclear Safety and Security, Nuclear Sciences and Applications, Nuclear Energy, and Technical Cooperation, please visit:

<http://www.iaea.org/About/Jobs/divisions.html>

## Eligibility

Young professionals who:

- are below the age of 32 years;
- hold an advanced university degree in one of the following fields: engineering, physics, chemistry, biology, hydrology, agriculture, nutrition, medicine, computer science, information sciences, accounting, finance, human resource management, law, library science, and communication.

## Duration of Assignment

Normally one to a maximum of two years.

## Selection

Based primarily on the candidate's academic qualifications and on the extent to which those qualifications can be used in an assignment designated by one of the IAEA's Departments.

Information updated February 28, 2007.

## How to Apply

Vacancy notices for U.S.-sponsored JPOs in non-safeguards Departments are posted at: [https://international.dep.anl.gov/JPOJob\\_listings.asp](https://international.dep.anl.gov/JPOJob_listings.asp)

Resumes for a specific posting should be submitted directly through the website or e-mailed to [IAEAStaffing@anl.gov](mailto:IAEAStaffing@anl.gov).

JPO opportunities in the Department of Safeguards are administered by Brookhaven National Laboratory: <http://www.bnl.gov/ispo/>

## Employment Benefits

JPOs sponsored by the U.S. are entitled to the same benefits as IAEA staff members. This competitive package includes:

- Tax-exempt UN-scale salary and additional post adjustment
- Health insurance
- Six weeks vacation and ten official holidays
- Home leave including travel costs (for staff working more than one year)
- Relocation and repatriation grants
- Housing subsidy
- Dependency allowance
- Training and staff development opportunities

Belvedere Palace, Vienna.
